

Inhalte müssen mit einem Mindestabstand  
von 5 mm zu Kanten plziert werden

The diagram shows a large white circle centered on a gray square background. A solid red line forms the outer boundary of the circle. Inside this, a dashed gray line follows the same path, representing a 5mm margin. In the center of the circle is a smaller gray circle, also surrounded by a dashed gray line and a solid red line, indicating a central area that also must be clear of content.
